

Change window Size for RDP session window:

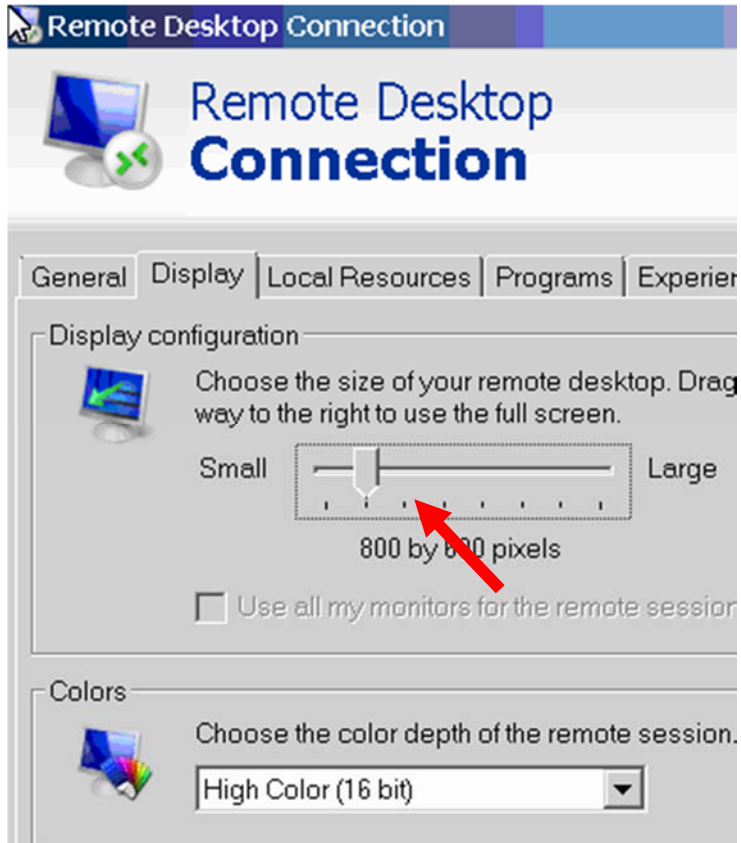

1. Right-click on the QBOOKS RDP connection shortcut
2. Select EDIT

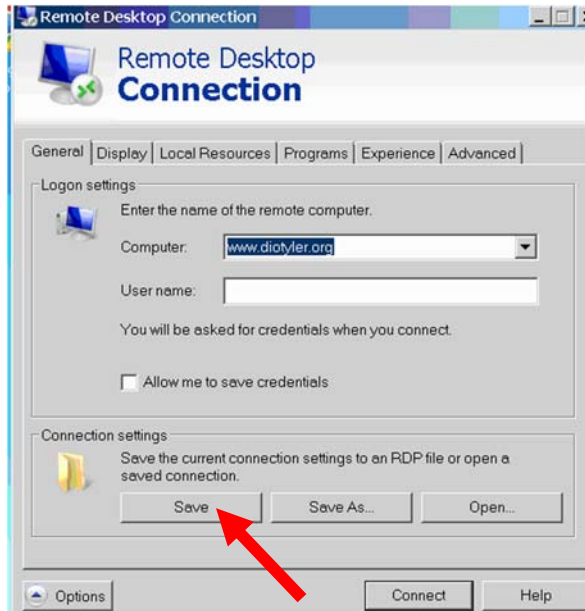

3. The following screen will appear...

4. Click the tab named: DISPLAY
 - a. Quickbooks will NOT display full information being 800x600 or 480x640. This needs to be at least: 1024x768.

5. Click the tab named: GENERAL
 - a. Click SAVE at the bottom of the screen

6. If you need to maximize the windows in Quickbooks, click the maximize buttons in different parts of the program.
